

## CATEGORIE FISKY 2021 (maschili)

Alfabetico complessivo aggiornato al 15 luglio 2021

Le Categorie FISky 2021, sono assegnate in base ai risultati ottenuti nel 2021 in alcune gare.

Gare valide per l'assegnazione delle categorie FISky: CI, SNS, SWS (disputate) in Italia, gare nel calendario ufficiale FISky.

Le Categorie FISky sono assegnate in base alla differenza percentuale del tempo ottenuto rispetto al record della gara.

E' considerato record della gara il minor tempo assoluto ottenuto da atleta italiana/o (F e M).

Prima categoria FISky: entro il 112.5% del record della gara (F e M).

Seconda categoria FISky: entro il 125.0% del record della gara (F e M).

Terza categoria FISky: entro il 132.5% del record della gara (F e M).

Quarta categoria FISky: entro il 150% del record della gara (F e M).

Gli atleti con tempi oltre il 150% del record della gara sono considerati "Non classificati" e non appaiono nell'elenco.

Le categorie FISky devono essere confermate con il tesseramento FISky.

Nota: La partecipazione di atleti italiani di alto livello, anche "Non classificati", che miglioreranno

i record delle gare selezionate per l'anno in corso, innalzerà progressivamente il livello delle singole categorie.

Nota: obiettivo dell'assegnazione delle Categorie FISky è l'innalzamento del livello tecnico dello Skyrunning in Italia.

Nota: in caso di assegnazione di categorie diverse per una stessa tipologia di gara, vale il risultato migliore.

Nota: eventuali errori o omissioni devono essere segnalati alla FISky entro il 30/8/2021.
